100%
SOBER
LIFE
PROGRAM

SOBER LIFE

Due to pain, shame, and fear, addiction is a battle that many are forced to fight alone.

During the **100% Sober Life Program**, we not only provide our members with the necessary resources needed, but members also gain access to our **FREE** Weekly personal and professional skills interactive workshops. These workshops are used to enhance or develop personal and professional skills, knowledge, and productivity.

Partnered with the personal and professional interactive workshops, through our strategic partnerships, members will have the opportunity to take advantage of an intrinsic program referred to as the **Developing Your Phoenix Move Experience**, also known as **DYPME**. The DYPME is designed to assist each participant in their healing and transformation.

Our mission...

is to transform, inspire, and empower our men, women, and children of today into Powerful Kings and Queens of tomorrow by strategically guiding them through a hands-on process that stimulates positive growth and balance within the four intricate quadrants of life: Spirituality, Health, Relationships with self and others, and Finances.

Our vision...

is to steer men, women, and children in a positive direction that will mitigate distress, crime, and poverty to define, captivate, and enhance awareness, strength, and fulfilled purpose.
